II. ORAL COMMENTS FROM THE PUBLIC
Members of the Public may be heard at this time on any item within the subject matter jurisdiction of the City that is not on the Public Meeting Agenda. It is the practice of this Council to hold public comment for every item of business on the agenda at the time that item is heard. If a speaker cannot stay for a particular item of business, they may be heard during this time. Comments concerning the Consent Calendar may also be heard at this time. Speakers addressing the Council will be limited to 3 minutes per speaker. Be advised that, by law, the City Council can only deliberate or take action on items that are included on the agenda.

III. COUNCIL BUSINESS

A. City Council will be conducting interviews with applicants for the Measure E Oversight Committee and discussing the appointments to be made at the regular meeting on January 16, 2017.

IV. REPORT OUT AND ADJOURN
Pursuant to Government Code Section 54957.5, any non-confidential documents or writings that the City distributes, less than 72 hours before a regular meeting, to all or a majority of the legislative body's members must be made available to members of the public at the same time as the distribution. Documents and information related to the agenda topics are available for review at City Hall, 621 11th Street, between the hours of 8:00 AM to 5:00 PM. Members of the public are invited to come to the meeting and comment. In compliance with the Americans with Disabilities Act, if you need special assistance to participate in this meeting, please contact the City Clerk at 725-7600. Notification prior to the meeting will enable the City to make reasonable arrangements to ensure accessibility to this meeting.

How long have you been in the Fortuna Area?
We moved to Humboldt Co in 2000 and have lived within Fortuna since 2004.

Are you Over 18 and a Registered Voter in the City of Fortuna? Yes □ No □

If No, do you own a business within the City Limits of Fortuna? Yes □ No □

What is the name of your business?

Preferred Length of term on the committee (Choose one, selection is not guaranteed):
2 yrs □ 3 yrs □ 4 yrs □

Do you have any time during the year that you are not available (ie. Winter months, summer, extended vacations etc...)

No restrictions.

What days or times work best for you:
Monday through Friday in the evening after work (after 5:30 PM). Days when other City meetings aren't scheduled (e.g. Planning Commission).

Please rate in order of importance to you (1 being lowest, 5 the highest):
Public Safety: 1 □ 2 □ 3 □ 4 □ 5 □
Infrastructure (streets, drainage, etc..): 1 □ 2 □ 3 □ 4 □ 5 □

Please tell us why you want to serve on this committee:
First and foremost, I view this as another opportunity for community service - to give something back to the City. To ensure that the funds collected by the sales tax are appropriated, as promised, to the programs identified in Measure E.

What qualities, education and experience do you possess which make you the right candidate for this committee:
I'm a Division Manager of a local public agency. In my position, one of my responsibilities is the administration and oversight of grant programs that in FY '16-’17 will exceed $4 million. I've served as the interim director on two occasions and each time was called upon to craft the annual budget. I'm currently a member of the Fortuna Planning Commission. During my two terms as Chairman, I gained experience at running public meetings and hearings, and helping groups achieve consensus.

What group or demographic do you feel you best represent and why:
The 30 to 55 year old, middle class professional families whom live in the center of the City. That's where I call home and many of my friends and associates live.

How do you think the money should be spent:
In phases: Phase 1) Public safety (911 emergency services) should be given priority with funding support for community events (Rodeo, AutoXpo) a close second; Phase 2) Enhancing recreational opportunities, including parks and public facilities; and then Phase 3) Programs for youth & seniors, and other essential services. Beginning with Phase 1, when the goals of each phase have been met (i.e. new 991 operator) AND the goals are self sustaining via another funding stream, continue to the next Phase. A safe community where events are held will draw tourists and consumers (Phase 1). A safe prosperous community will see an increase in property values. Phase 1 goals then become self sustaining. The sales tax revenue could then be used to fund additional services under Phase 2 and 3. Maintaining high quality City staff is essential, but should be funded with more stable income streams (e.g. property taxes) - that's why I listed it as a "2".

Measure E Oversight Committee Application 2016
Please tell us why you want to serve on this committee:

To give recommendations to the City Council on how to spend the funds, I would like to be more informed on how the tax dollars will be spent. I feel being on the committee will promote this.

What qualities, education and experience do you possess which make you the right candidate for this committee:

I am a bookkeeper and spend most of my time doing review work.

What group or demographic do you feel you best represent and why:

I am not sure that I represent a certain group or demographic, there are a variety of citizens that may have the same feeling as I do.

How do you think the money should be spent:

It should be spent on the things proposed, most likely not equally but reviews of the budget would be necessary to make a final decision.

Please tell us why you want to serve on this committee:
I have lived in Fortuna my whole life, and I enjoy where I live. I want to help Fortuna be somewhere where people want to raise their children. There are so many people that I learned from when I was a kid that I want that to continue. I want Fortuna to continue to grow, yet be a safe community that people want to live in.

What qualities, education and experience do you possess which make you the right candidate for this committee:
I am currently a ten year member of Fortuna Volunteer Fire Department and serve as a Fire Captain. With this I have invested interest in what and how our city moves forward. To be able to continue to be a Volunteer Fire Department and not make our communities pay for a Department, the Fire Department and city need to work closely.

What group or demographic do you feel you best represent and why:
I consider myself a young parent. I have a 4 and 7 year old that I want to raise in this town. I feel that I want to provide what will be my children's future.

How do you think the money should be spent:
First and foremost would be working to uphold the promises that we made to communities during the campaign. Any after that I think we need to focus on how to achieve more businesses so we won't need to keep raising taxes. The more people you can have live in, shop in, stay in will help the budget. Making Fortuna somewhere people want to shop in, live in, and stay in must be a consideration.

"Measure E" Oversight Committee

Purpose: To serve as an advisory committee to the City Council on how revenues generated from Measure E will be applied to the City Budget.

Meetings: TBD, will be involved in the fiscal year budget process which normally starts in January

Terms: The members will serve staggered terms of 2, 3, and 4 year lengths. Appointments to specific terms are made by the City Council.
Please tell us why you want to serve on this committee:

Over a year ago, I started a Facebook page called the Eel Valley Crime Stoppers. I did so after a close friend was the victim of a residential burglary, during the middle of the day. Since then, we’ve added close to 3,500 members and have made positive impacts to the City, by encouraging and supporting positive citizen interaction and giving citizens a voice. When I first heard about the Measure and the positive potential affect it could have on our City, I decided to become an active supporter, participating in the Measure E committee and publicly voicing my support in regards to the Measure. Now that the Measure is passed, I’d like to continue that support and ensure the funds are spent in the manner we advertised. As an active member of our community, involved in numerous areas and organizations, I’d like to be able to be a voice of reason and explanation as well as a conduit, between Measure E and the citizens I have regular contact with.

What qualities, education and experience do you possess which make you the right candidate for this committee:

I currently hold a BA in Professional Studies with an emphasis in Vocational Education. This means, I have been taught how to teach others and have been given a solid foundation of Adult Education. I use the skills I have learned both in school and throughout my 20 years of law enforcement, to educate others with a level head and unbiased approach. I realize in this position, members of the committee will be under constant scrutiny of how the funds are spent and it will be important for members to be open, honest, firm, and forthcoming with explanations if asked. My work experience, combined with my education, has prepared me for this sort of situation. I have always maintained an open door policy with friends, family and employees. I’m a critical thinker but able to see other viewpoints without prejudice. I am confident I possess the tools I need to maintain the membership in this committee while still being an active conduit for the members of the community wanting results.

What group or demographic do you feel you best represent and why:

I am a mom of three, wife, small business owner, volunteer, law enforcement professional, and resident of Fortuna. As a lifelong resident, I have established many bonds in the community and feel as though I have a thumb on the pulse, in regards to our citizen’s wants and needs. I’m active with my children’s schools (Toddy Thomas and FUHS), volunteer with the River Life Foundation, and run my Facebook group (3,500 members), Eel Valley Crime Stoppers. Within my small business I also donate shoots and offer fundraising events for specific causes. Lastly, I have over 20 years of law enforcement experience as a police officer, sergeant and now Basic Law Enforcement Academy Coordinator. I give 100% in every facet I participate in, and
because of that I believe I represent several different types of groups/demographics successfully.

**How do you think the money should be spent:**

First and foremost, the money should be spent on supporting our police department. A major selling point for Measure E was the Council’s promise of three new officer positions. I believe those positions should be actively recruited and filled, and then quickly backfilled with additional officer positions (to take the place of the patrol officers removed to cover the specialized positions).

I think another area people had issue with was our visual appeal. I think funds should be channeled into Public Works that will directly affect the aesthetic appeal of our City parks, medians, and problem streets. These are quick, immediate changes that the public will recognize as success and growth. I remember growing up and seeing our City medians always looking beautiful and our town having a great curb appeal. It would be nice to get that back and have it look like that all the time.

I am not comfortable with an immediate change in wages for any city employee—however, I do feel a COLA adjustment should be made a priority after other areas have been served (policing needs, streets, and public works for example).

I think it would be great to get buy-in from the public in the form of surveys and outreach. Give them options and a voice—what do people want their money spent on? And at what priority? I think the key to public satisfaction is transparency and addressing the majority’s concerns quickly (public safety) and with concrete examples. I hope the committee is proactive in soliciting community comments and then considering said comments when decisions are made.

What qualities, education and experience do you possess which make you the right candidate for this committee:

I AM RETIRED FROM MANAGEMENT POSITIONS OVER 35 YEARS. I WAS RESPONSIBLE FOR MAJOR BUDGET DECISIONS AND CONTROL WITH UP TO 20 EMPLOYEES.

What group or demographic do you feel you best represent and why:

CONSERVATIVE TAX PAYER

How do you think the money should be spent:

I WOULD LIKE TO SEE PALO ALTO GROW WITH NEW SUSTAINABLE BUSINESS AND ONGOING RESIDENTIAL GROWTH. THIS WILL REQUIRE MORE POLICE AND INTRA STRUCTURE REPAIR.

Please tell us why you want to serve on this committee:

I believe in giving back to the community I live in. I would like to help the City Council by providing input on the best way to balance requests for Measure E funds. I know the ballot measure has already provided guidance on this, but know that fine tuning will be needed. I also believe in following up on things to see how well they come together.

What qualities, education and experience do you possess which make you the right candidate for this committee:

I worked for California State Parks & Recreation for 30 years. I have worked from the relevews to the southern California beaches and the Sierra. Work as a Chief Ranger and later as a District Superintendent gave me experience in law enforcement, budgets, recreation and politics. I have worked with multi-million dollar budgets and balancing various missions before.

What group or demographic do you feel you best represent and why:

Active senior citizen and park user. My wife and I hike in the parks and play pickleball at the Pavilion three days a week.

How do you think the money should be spent:

The spending needs to be a balance of all of the items promised in the ballot measure proposal to the voters. It will take input from the various departments to fine-tune the committee proposal. I have no pre-determined way to suggest. Input from residents, other committee members, and the city departments will have to be factored into the mix.

Addendum to APPLICATION FOR “MEASURE E” OVERSIGHT COMMITTEE

Please tell us why you want to serve on this committee:

Fortuna is my community, and I really want to see it thrive and prosper into the future. This tax will give the City a chance to maintain and expand valuable public safety programs, repair aging streets and infrastructure, balance the budget, and rebuild reserves. With the passage of Measure E, the City Council has an opportunity to show what this City can accomplish. I’d like to be part of the process.

What qualities, education and experience do you possess which make you the right candidate for this committee:

I have a record of accomplishing projects with diverse groups; dealing with adversity; making unpopular decisions; and getting things done. I ask a lot of questions and do my homework to make sure I understand what is trying to be accomplished and the options for getting there. I worked for the City of Fortuna for 15 years, so I’m very familiar with its inner-workings. I negotiated with all of the employee groups and feel that the employees respected me as a negotiator. I worked on the City’s budget, and understand that balancing a budget is not always an easy task. I worked on revising the budget format to make it simpler to understand. I have also worked in the private sector, so I understand what it means to look at the bottom line. My education includes a Bachelor’s Degree in Technical Management (Business Administration with emphasis on technology and working in teams); my area of emphasis in study was human resources.

What group or demographic do you feel you best represent and why:

If I am appointed to this committee, my goal is to represent everyone in the City of Fortuna. Hopefully, everyone will be comfortable talking to me about their concerns and ideas. I’m involved with many diverse groups, keeping me in touch with a wide cross-section of our community. I did not support the passing of Measure E, so I would represent the interests of those who are concerned about how the City will spend these monies. But most importantly, I represent all the people in Fortuna who love our City and want to see it be a place that we are all proud to call home.

How do you think the money should be spent:

The top priority is to ensure the money is spent the way it was presented to the voters. To increase the effectiveness of the police force and expand public safety programs; to maintain streets and aging infrastructure; to maintain public spaces and buildings; and to establish and enhance services to youth and seniors. The process has to be transparent. And the City also needs to work within a balanced budget and rebuild reserves.
GOAL: To obtain an appointment to the City of Fortuna's Measure E Oversight Committee.

Please tell us why you want to serve on this committee:

My desire is to serve the city of Fortuna by helping to ensure the money generated by measure E is spent in accordance with the parameters of the measure. This essential services tax is important. Citizens are concerned about how their money is spent. The city also needs accountability. By serving on this committee, I will be helping to meet the needs of both the council and the citizens.

What qualities, education and experience do you possess which make you the right candidate for this committee:

- I have a Bachelor's degree in Business Administration. I also check facts before making a decision and listen to information that is helpful before deciding on something. I love Fortuna and want to make it a safe, desirable community for everyone who lives and visits our city.

What group or demographic do you feel you best represent and why:

- I feel I best represent the moms in our city. Having raised (still raising) four children in Fortuna, I have a strong desire to keep it safe & clean & fun for our children.

How do you think the money should be spent:

- Since the pre-election meetings for Measure E focused on essential services as increased Police Dept. officers, roads and parks, I think the money should be concentrated in those areas as much as possible. Any left over funds should be set aside for emergencies.

Please tell us why you want to serve on this committee:

I feel that it's important to have some lay (average) people serve on the committee to help ensure that all aspects are considered when funds are disbursed.

What qualities, education and experience do you possess which make you the right candidate for this committee:

I've served on several fundraising committees during the past 15 years, always working with a large group of people. I've helped organize and implement procedures for some of these groups and have also been involved in the decisions on how funds will be disbursed.

What group or demographic do you feel you best represent and why:

During my tenure on different committees I've worked with a variety of age groups and personalities. It's important to respect people's opinions and give consideration to all ideas.

How do you think the money should be spent:

I believe there should be some input from fortune citizens & business owners on where they feel the greatest need is & go from there. I think between that & various city departmental needs there will be a diverse area to choose from.

Please tell us why you want to serve on this committee:
I was a part of the Yes on Measure E committee, I regularly attend City Council meetings and I see the needs of the City and the need to replace lost tax revenue in our changing economy. I was an advocate for an oversight committee and a sunset date so there would be an accountability by the council to do what was promised when they were proposing the Measure.

What qualities, education and experience do you possess which make you the right candidate for this committee:
I am a current school board member and past school board president. Past president and current board member for the Humboldt Assoc. of Realtors. I have lots of experience with working with community volunteer boards. I am a business owner in the city limits and I am a regular attender of council meetings so I have a good idea of what’s going on and where the needs of the City are.

What group or demographic do you feel you best represent and why:
Middle aged family. I am 41 raising 3 children in Fortuna. I would be a voice for all age groups but focused on making Fortuna the best it can be for our future generations because that is what I am in the middle of doing now with my own family.

How do you think the money should be spent:
Public Safety first and foremost, then roads and infrastructure. We need money available to match grant funds when those opportunities arise. Whether it be for Police and Public Works or improving roadways and the entrances to our city. We need to have the money available to do so. So part of the money needs to be for building up our reserves back to where they once were.

Please tell us why you want to serve on this committee: I recently moved to Redding from McKinleyville. I've spent many years serving on the executive board for Eureka Rescue Mission, and Humboldt Builder's Exchange. This is an opportunity for me to do something in my local community.

What qualities, education and experience do you possess which make you the right candidate for this committee: I spent 25 years in Humboldt as a self-employed contractor, volunteered many committee hours for various organizations, I work currently for PG&E decommissioning the Humboldt Bay Nuclear Plant, as a construction oversight supervisor, I have a vast understanding of fiscal responsibility, compliance, and oversight experience. Additionally, I have extensive committee experience.

What group or demographic do you feel you best represent and why: While I fall in the "Fifty & Over" category, I can effectively represent any demographic. As a committee member, you must effectively represent and approved based on input from all groups.

How do you think the money should be spent: The funds raised through Measure E should be spent in compliance with the language in Measure E, as determined by order of priority by safety, risk, need, wants. The committee should prioritize these needs. It was already identified that a police detective, a problem oriented officer, and a school resource officer are a priority.

Please tell us why you want to serve on this committee:
I have worked in public safety in firefighting and law enforcement for over 35 years, as well as, I have been involved in my community for even longer. We have lived in Fortuna for 18 years and we love our warm city and desire it to prosper. I retired as the Deputy Fire Chief of Operations and Peace Officer from CAL FIRE with a strong management background with a great deal of common sense. I believe I could provide a healthy oversight within teamwork environment.

What qualities, education and experience do you possess which make you the right candidate for this committee:
Honest, Integrity, Organization, Team Building, Data Analysis and Application, Report Writing, AA Degree from Butte College with Courses at Chico State, I have sat on School Board, Church Counsel, National Fire Protection Association Technical Committee Member, CAL FIRE Local 2881 Union State Executive Board (State Supervisor Director), I am a great team player understanding that we are supporting our City Counsel to be successful with good fruit to our community.

What group or demographic do you feel you best represent and why:
I believe I represent first a member and resident of the Fortuna community, Public Safety and the Infrastructure Maintenance and Development. I was required to manage a 16 million dollar budget within the Humboldt-Del Norte Unit; It was imperative to maintain our infrastructure and mobile fleet to meet our mission. Personnel training and salary were our highest cost.

How do you think the money should be spent:
First is paramount and goes hand-in-hand with providing effective Public Safety Service, that is to have highly qualified personnel with excellent equipment and a dependable fleet. Everything else is fleeting without this support. Secondary is a maintenance provision to keep above effective for years to come (training, education, general maintenance and major repairs). I am all about the outreach to our community with City Events and Recreation in partnership with Service Organizations and Churches.

Fortuna City Measure E Oversight Committee

I am seeking the position of the Fortuna City Measure E Oversight Committee. A little about myself, I am the owner of Frederick Flores Consulting since January 2015 specializing in Incident Management and Leadership Mentoring with Humboldt, Del Norte Counties and FEMA and I also work for CAL FIRE as a Retired Annuitant Teaching Incident Management Courses and Local Contract County Advisor, and as a AD employee for USFS at the Six Rivers National Forest as an Incident Management Advisor and Liaison Officer for California Interagency Management Team 5. I have honorably retired from CAL FIRE, second in command of the Humboldt-Del Norte Unit as the Deputy Fire Chief/Peace Officer (Retired). My wife, Kelley and I love our community in Fortuna. We raised our family here for over 18 years. I have a strong desire to continue to serve our community. I would like to assist our Mayor, Counsel and City to accomplish our vision and mission to be worthy of the public trust by providing timely, efficient, dependable and well-planned services to the community.

Highlighted Desirable Experiences:
- 35 years employment in public safety, Firefighter, EMS and Law Enforcement
- Public Meeting etiquette using Rules of Roberts
- Employee Supervision, Vision and Mission Education
- Human Resource Management, Employee Development, Hiring and Termination, EAP.
- Employee Negotiations, Memorandum of Understanding, Bill of Rights, Policy & Laws
- Policy review, development, education and enforcement
- Budget Management, Accountability and Reporting; Incident Finance Section Chief
- 

My management experience: I was employed as the Deputy Fire Chief of Operations/Peace Officer for CAL FIRE (California Department of Forestry and Fire Protection/ SFM- California State Fire Marshal) in the Humboldt-Del Unit and was responsible for Policy, Fiscal Accountability, Directing and Supervising Personnel and Operational Management, Mentoring, Law Enforcement Operations and Code Enforcement, Training and Certification for firefighters in the State of California. Specializing in fiscal budgeting, labor relations, EAP, reasonable suspicion, employee development termination of fire department staff, fire-fighting operations, systems security and safety hazards analysis, risk management, fire department organization and emergency response review.
I was an elected member of the CAL FIRE Local 2881 Executive Board as the State Supervisor Director for 3 years and Regional and Chapter Supervisor for 5 years. I have years of exposure to employee legal processes from both sides of the house, the department as the Deputy Chief and the union as the Supervisor Director. This gave me an insight to all of the processes within the union operations with employee representation from formal training and experience especially the Peace Officer & Firefighter Bill of Rights. CAL FIRE Local 2881 is an affiliate of The International Association of Firefighters (IAFF). CAL FIRE Local 2881 represents employees of The California Department of Forestry and Fire Protection (CAL FIRE) with an additional membership with the CPF (California Profession Firefighters). They represent over 6000 current and retired employees of CAL FIRE in Bargaining Unit 8, including Firefighters, Fire Apparatus Engineers, Fire Captains, Battalion Chiefs, Foresters, Pilots, Supervisors, Forestry Logistics Officers, Fire Prevention Specialists and other classifications. To render the most effective services to the people of the United States of America and of the state of California. (Constitution Article II)

Within the CAL FIRE Humboldt-Del Norte Unit, our executive team and I were responsible for managing an annual 16 million dollar budget. As an Incident Commander, I have managed emergency expenditures of over well over 20 million dollars during large wildland fires and other disasters. I tracked our programs using MS Office and other specialized computer programs. I have disaster expertise for bridging the relationships with city and county administrators with OES and FEMA. These experiences with hands on knowledge give me an in-depth expertise of effective and efficient operations and management applications.

I effectively communicate the departments mission and vision to employees, partners, and stakeholders. I seek to improve operational efficiency and effectiveness by shaping, enhancing, and adapting to changing circumstances. I cultivate and strengthen relationships with stakeholders, governing bodies, cooperators, and the public. I foster a culture that emphasizes and enhances employee health and safety. I encourage a highly motivated and well-trained workforce. I recognize and scale to changing budgetary, fiscal, and regulatory conditions.

I specialize in Unified Command Incidents and Situational Team Deployment. On one occasion, I was deployed as an Incident Commander during the summer of 2014 to the Siskiyou County Lightning Siege with over 2000 lightning strikes, 5 major wildland fires and hundreds of small fires burning. I was charged with establishing an additional CAL FIRE Incident Management Team due to this extreme fire threat disaster to the communities in Siskiyou. Neither CAL FIRE nor the US Forest Service had any other organized teams available to send due to commitments on several other major fires throughout California and the Western United States. I took on the challenge by lifting up and establishing the CAL FIRE Incident Management Team 7 into a highly resilient organization. This drawdown challenge was worth fighting for with an effective result. My focus remained clear as I kept my eyes on our mission and then effectively empowered my new team. They made me look good by their expertise, buy in and commitment. I look forward to providing the best for Fortuna.

As the training expert, I guided the course developers/trainers through the development and revision of course materials, which included lesson plans, student information, visual aids and training manuals. Operated various types of office equipment including computers, binding machines,
paper cutters, drill press, label makers, various printers and media duplications, etc. I was responsible for maintenance of Fire Protection Training Handbooks. Provided classroom instruction and hands-on training. Developed entirely new courses as determined by the Department Master Training Plan or field needs assessment. This included detailed task/job analysis; determine critical job performance requirements, identifying knowledge and skill goals, technical content development and evaluation methods. Developed and maintained department training curriculum format standards and supervises clerical staff through the development process. Ensured training curriculum kept pace with current technology, legislative mandates, and operational needs. Conducted necessary research studies/special projects and writing respective reports and recommendations in conjunction with personnel from the Academy Fire Training Division. I maintained readiness and qualifications to respond to emergency incidents. Provide Operational Battalion coverage. Respond to incidents when assigned. I brought success bringing together and working with Local, Tribal, State, Federal Agencies and Private Stakeholders, specializing in Team Development, Education, Facility Inspections and Code Enforcement.

Measure E Oversight Committee Application 2016
As a citizen of Santa Ana for the past 20 plus years, I have seen the city grow in size and population and have always been willing to help the citizens and community in any capacity that I can. I served on the Parks and Recreation Commission for a number of years, both as member and commission chairman. I have great pride in the city and I want to be able to continue to contribute to the growth of the city and community.

What qualities, education and experience do you possess which make you the right candidate for this committee:

I have been involved in the fire service of America for close to 20 years, both as a paid and volunteer. I was on the 1st new Volunteer Fire Department for 2 plus years and the Scotia Volunteer Fire Department for 27 plus years. I have served as an officer on numerous organizations such as the Parents, Little League, Kiwanis, I worked for the Pacific Tumor Company for 4 plus years, and years as an accountant.

What group or demographic do you feel you best represent and why:

I feel that with all of my different groups and organizations that I have been involved with over the years that I could pretty well fit in and work with many different people that I would need to work and meet with.

How do you think the money should be spent:

Very wisely with the welfare and safety of the citizens and community at the forefront of any decision and or project that is proposed.

Please tell us why you want to serve on this committee: I feel it is important to have someone on the committee that knows what it takes to work in public safety and give insight on what it takes to maintain a strong work force. I would stress how hard it is to find qualified employers to fill vacancies, when qualified employers leave to move on to other departments for higher pay.

What qualities, education and experience do you possess which make you the right candidate for this committee:
I am a hard worker, and have the ability to work with a wide range of people. I am open minded, a good listener, but I am not afraid to speak my mind. I have worked both in the private sector and public service. I am a Arcata High School Graduate and have completed over 60 college semester units at College of the Redwoods.

What group or demographic do you feel you best represent and why:
I think I can relate to large groups and diverse groups. I have volunteered for youth sports and high school sports groups. I have helped with numerous fundraisers in the community and have also been the chairperson for the 2015 Safe & Sober Committee at the High School.

How do you think the money should be spent:
I believe a large portion needs to be spent for public safety. I have talked to numerous citizens in the community and know that is where they would like to see the most needed. I would like more officers and the ability to retain the officers and dispatchers we have.

How long have you been in the Fortuna Area?

Are you Over 18 and a Registered Voter in the City of Fortuna? Yes ☑ No ☐

If No, do you own a business within the City Limits of Fortuna? Yes ☐ No ☑

What is the name of your business?

Preferred Length of term on the committee (Choose one, selection is not guaranteed): 2 yrs ☑ 3 yrs ☐ 4 yrs ☐

Do you have any time during the year that you are not available (ie. Winter months, summer, extended vacations etc...)

I would prefer to not meet on usual public holidays unless there is a compelling reason to do so.

What days or times work best for you:

I’m pretty flexible but would prefer mid-week early evenings.

Please rate in order of importance to you (1 being lowest, 5 the highest):

- Public Safety:
- Infrastructure (streets, drainage, etc.):
- Parks and Maintenance (medians, public facilities, etc.):
- Programs for Youth and Seniors:
- Maintaining qualified City staff:
- Recreation:
- City Events:
- Other:
Please tell us why you want to serve on this committee:

My wife and I love living in Fortuna. Now that we are semi-retired, I have the time available to give service back to the city where we live. This is important to me and a format where I can add value with my experience.

What qualities, education and experience do you possess which make you the right candidate for this committee:

We are long term tax payers and Eureka rental property owners in addition to our home in Fortuna. In my previous job, I worked with large corporate clients, advising and delivering hardware, software and support contracts. I have both project and people management skills. In addition, I had a pre-sales role in which I made the business case for investing in our support services. I am also familiar with budget cycles, P&L and balance sheet statements.

What group or demographic do you feel you best represent and why:

I volunteer at the Fortuna Senior Center and am semi-retired. That being said, we must educate our youth and support an aging population who has lived, worked and paid taxes. Parks and Recreation are a necessary adjunct to education.

How do you think the money should be spent:

Without a strong sense of public safety, most other concerns are moot. We also must have and support a well qualified staff to execute our vision. It’s the people that make the difference. Please see the ratings on the first page.

RE: Application - Fortuna Measure E Oversight Committee

Greetings Linda,

Thank you for the letter confirming my interview time of Jan 5, 2017 at 08:45 am. I'm looking forward to meeting with everyone. Please see my attached signed application and resume, I'll also be dropping a copy off this morning.

This feels like a time in my life to give back to the community where we live. I'm most interested in serving on the oversight committee or planning commission, but my mom started her public service career in "Parks and Recreation" and we do live right across the street from the park. So I am perfectly willing and able to that ...

Best Regards,

RE: Fortuna Measure E Oversight Committee

Greetings Randy Mendosa,

I am interested in applying for membership on the Committee for Oversight of Measure E in Fortuna. My wife and I have recently retired and moved back into Humboldt county. We both voted for Measure E and I would like to volunteer to serve. I understand that there is a workshop on November 17 and am seeking some guidance on the application process.

Relevant Experience:

- Volunteer Computer Tutor at Fortuna Senior Center
- Volunteered Poll worker at Fortuna City Hall this election
- Volunteered with an Amateur radio team for the Eel Valley Earthquake drill
- Humboldt County Rental property management back to the mid eighties
- Financial management of my wife’s Licensed small family child care for 15 years
- Assisted with her role as Treasurer of the San Mateo County Family Child Care Association for 9 years
- Board of Directors member of the Registered Guest Road Association with 95 parcels and 75 miles of rural roads
- Project management of a Seismic upgrade of an un-reinforced masonry building in San Francisco SOMA district
- Project management of a large storage area network for a major medical care provider in Napa CA
- Account Support Manager for Hewlett Packard: working with large complex IT accounts and their support needs
- Senior Citizen and Semi-Retired Property Owner & Tax payer.
- Associate of Science in Computer Science, Attended HSU, CR & CSM

Thank you for your assistance

Best Regards,

Larry Rogers

Please tell us why you want to serve on this committee?

I want to encourage a working relationship with our adolescence youth and our cities police force. I believe a plain clothed veteran police officers presence on our campus with a desire to interact, empower, and protect our students is a necessary function to enable quality education and effective law enforcement. In conjunction with participating in campus protection and emergency response the officer could also facilitate a local Fortuna Police Activities League, P.A.L activities centers do provide a deterrent to illicit street culture and violent identity and a partnership with the city of Fortuna, public schools, and police force can bring one to our town.

What qualities, education and experience do you posses which make you the right candidate for this committee?

I have no arrest record, college educated, and a full time State Employee with good financial credit and Fortuna 1 st time homeowner. Consequently I navigated through many challenges that my friends from of elementary age have not been able too an overcome and I feel that I have a good idea what was missing from their lives. The consequences of adolescent gangs, chemical dependency, and absentee parenting are experiences that only brought pain to my friends and I want younger generations to do more than surrender to self-destruction. I recently lived in Richmond California for eighteen months at a time when the Richmon d’s homicide rate was reduced by over fifty percent. I credit this increase in safety to a collaboration between civic minded residence and the Richmond Police department both working together in realistic understanding of the inner-city environment. Unfortunately that environment seems to be reflective more and more in rural America either by a criminal entity celebrated in irresponsible rap music or the cash money made from drug sales. I was amazed at functionality of the local PAL organization offering Boxing, Bicycle repair, and Recreation to adolescence. Additionally the attention to Campus safety when participation in a Richmond High School outreach writing program was vital to the student’s success. Fortuna students could only benefit from these efforts once adopted here.

What Demographic do you feel you best represent and why?

I seem to be able to relate to migrant Latino students. I am fluent enough in Spanish to make a dual language connection that helps establish trust. Genetically I am a white dude short, blonde, with blue eyes but socially I have gained the friendship of several people of a different complexion and economic background. My sister is adopted from Bogota, Colombia and been with out family since 1984. Upon moving to Sonoma County in 1986 I attend the Healdsburg public school bilingual program through 3-6 elementary grades.
How do you think the money should be spent?

In order of importance

1. Hiring of the Campus Police over the age of thirty who would perform his or her duties in a plain clothes uniform.

2. Providing said officer with a “Emergency Response Van” to act as a mobile first aid station able to respond to all of cities campuses in addition to active shooter response. Said van would be parked in a highly visible location to ensure its safety and serve as a deterrent to campus violence.

3. Establish a Police Activities League within the city of Fortuna modeled after the Richmond California PAL located on McDonald Ave.

4. Purchase a state of the art DJ sound system and begin holding four seasonal school dances a year that elementary, middle school students, and their parents can attend to promote interaction amongst different age demographics.
